ERNEST D. DAY,

Auditors.

Piermont, N. H., February 15, 1932.

LIBRARY REPORT

The past year has been a very busy one in our library. The number of magazine charges was 228, and the circulation of books has mounted to 3,206, of which 642 have been juvenile. We appreciate the interest of the children, and the increasing number of junior readers. We plan next year to publish in this report an honor roll of the names of children who read a large number of books. This year we purchased from the Junior Literary Guild a very satisfactory list of books recommended by Mr. McCurdy, and they have been in constant circulation.

On the Saturday afternoon of the Annual Book Week in November Miss Helen Evans met a large number of children and several adults in the reading room, and talked of the early days of the Piermont Library. She also told stories, and introduced chapters from some of the juvenile books put into circulation at that time. One hundred and twenty-three new books have been purchased, and the book, a "Life of Lincoln," was given by Mrs. Drury.

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the School Board and Citizens
of the Piermont School District:

The teaching staff is entirely new to the district
this present school year 1931-1932. A. Elwin Kibler, a
normal school graduate and a teacher of a number of

years' experience was appointed to the grammar room, and Hazel Sanborn, Plymouth Normal graduate, to the primary room. Earl Jenkins, of Keene Normal and the University of New Hampshire, was appointed to the Rodimon school. He has had considerable experience in teaching. Mrs. Flay Kibler, a normal graduate of successful experience, is teaching at the Brook school. The instruction of the district is, in my judgment, superior for a rural community. The modern philosophy of education is that a child can learn only by its own activity. This theory is generally accepted throughout the public schools of the country, and is the basis of the instruction and supervision of the district. The Superintendent has met with the teachers as a group to discuss educational problems and procedure in the classroom. The teachers have co-operated splendidly, and valuable discussion taken place. Standard tests compared with those of a year ago show improvement in general scholarship, and there are individual cases of marked progress.

In my last annual report I recommended the discontinuation of the Rodimon school, there seeming to be at that time prospect of less than 10 pupils. The School Board met with the people of the district and it was very pleasing to find many people interested in the matter. The Board explained its position in the matter, but it appearing that there would be 12 pupils, more or less, and that their transportation presented peculiar local problems, the Board voted to defer the closing of the school this year. When this is eventually done the parents will more fully understand the reasons as a result of the meeting. During the present school year the community of the Rodimon school wired the building and the Board voted to furnish electricity.

During the summer a new modern wire fence was installed around the village school yard, and the furnace thoroughly repaired. During the year a metal safe has been purchased for the safe keeping of permanent records.

Respectfully submitted,

ALLAN M. McCURDY.
